PREPARATION AND JUDGMENT APPLICATION

Updated 11 October 2026. Complete every material fact, retain only supported alternatives, and renumber before filing. These notes support professional adaptation; they do not supply missing evidence or guarantee relief.

Filing and relief checks. An executing court ordinarily cannot enlarge the decree. Check property exemptions, third-party rights and required notices. Seek a specific executable mode; attach a payment-adjusted statement rather than repeating the original claim.

Before relying on any authority, compare the material facts, procedural stage, statutory version and precise relief; check subsequent treatment and applicable local practice. Keep the authority note separate from the signed pleading. For criminal procedure, determine Section 531 BNSS savings rather than select the code solely from the alleged offence date.
